Budget notes:
The contingency reserve is released to departments only with CFO sign-off. The largest single quarter-over-quarter increase is model hosting and inference, driven by the embedding volume growth from document ingestion (38% quarter-over-quarter in Q3). The FY2026 total operating budget is $38,750 thousand against a revenue plan of $196.0 million, yielding a planned operating margin of approximately 80.2%.
